

Classification of Regional and Remote Postcodes

Last Updated: 31 March 2024

Should you be ordering within one of the postcodes defined in the appendices, as defined by Australia Post, your order is not eligible for free Standard Shipping.

If your postcode is not listed, you may be listed under a Metro Capital City Australian postcode. See elegantelements.com.au/legal for more information. If your postcode is not on either of these documents, or you are located outside of the Commonwealth of Australia, we are unable to deliver to you at this time.

You may incur additional shipping fees on some certain orders, for example if your package weighs more than 5 kilograms or is considered a bulky package by Australia Post. You will be notified of this either during the checkout process at elegantelements.com.au, or by means of email from an Elegant Elements staff member preparing your order.

Courier and local pickup deliveries (that are handled by staff or contractors of Elegant Elements) may be available by request only. You can find out if this is available to you by contacting us.

Elegant Elements is not responsible for any damage in transit that may be caused by staff or contractors of Australia Post. Compensation may be able to be sought from Australia Post as per their terms and conditions at <https://auspost.com.au/receiving/delayed-lost-or-damaged-items/compensation> and the *Australian Postal Corporation Act 1989*.

Elegant Elements encourages you to purchase Extra Cover if the value of your purchase is greater than \$100, as per the Australia Post guidelines, for extra peace of mind. This can be purchased by contacting us by means of writing within 48 hours of placing your order.

Express Postage can be ordered during the checkout process, however, this is not recommended unless your order is eligible to be rushed – most orders take time to process, as defined at elegantelements.com.au/legal.

Appendix One – Postcodes Considered “Major Cities and Major Regional Areas” by Australian Postal Corporation.
